About the CRP Program and Lott Industries

Community Rehabilitation Program (CRP) - Ohio Department of Administrative Services

Ohio Revised Code (ORC) 125.60 through 125.6012 ~ Ohio Administrative Code (OAC) 123:5-3-1 through 123:5-3-12

CRP: Community Rehabilitation Program is a purchasing program directed by Ohio law under ORC & OAC (codes above).

Did you Know? Prior to starting a competitive bid process, Ohio's state agencies and political subdivisions are obligated to review and buy from the "procurement list" of products & services available from CRP providers.

Easy Process: Purchases by a political subdivision are exempt from competitive bid procedures otherwise required by law and are required to be made from qualified nonprofit agencies or their agents. For details, please see: ORC Sec. 125.6011 (B) & 125.04 [Our Best Compliment: "The CRP buying process at Lott is fast and easy!"]

Order Offices: "Any state agency, incl. General Assembly; OH Supreme Court; any state authority, board, bureau, institution, commission, or instrumentality funded in total or in part by state money; and any county, township or village."

Political Subdivision: County, township, village, school district, special purpose district, commission, authority, public corporation, board, college, university, any other institution or entity supported in whole or in part by General Assembly funds.

Products and Services are provided by **CRP Suppliers**, who are non-profit employers of Ohioans with disabilities offering much needed job opportunities. **This minority group of People with Disabilities has the highest US unemployment rate.**

CRP Suppliers provide quality, on-time, products and services at fair market prices, and are Approved by Ohio's DAS CRP program.

- ✓ CRPs benefit by increased employment and training opportunities available to persons with disabilities they serve.
- ✓ Government customers benefit from a simple purchasing process and high-quality products and services.
- ✓ Ohioans with disabilities benefit by increased purchasing power and independence.

About Lott: (visit www.LottServes.org)

LOTT, a non-profit, serves 250+ Able Ohioans with disabilities to give them gratifying work and vocational habilitation. Lott employees represent people with disabilities and minority groups with the highest unemployment in the USA. We serve business with quality, on-time delivery & great service. Since 1955, Lott's passion is to serve You, employees and the community.

LOTT's Highway Safety Products, Production, Packaging, Sub/Final Assembly, Recycling, Reclamation, Rework, Kitting, Sorting, Test & Inspection serves countless industries. Lott's reputation since 1955 (for 65 years) has been to put people first, including employees (regardless of ability or disability), customers, suppliers and the community. "Lott Serves" is our mission to enhance lives, transform business and enrich communities.

"Lott's Highway Safety Products offer me and my friends at Lott the opportunity to work, make an income, have value, and learn as we serve Ohio with our quality work. Your orders give back to help Lott provide vocational habilitation and employment to Ohio workers with disabilities. Thanks for supporting Ohioans with disabilities and the Community Rehabilitation Program!"
